

St Margaret's PE and School Sport Funding 2017 – 2018

The government is determined to secure a significant and lasting legacy from the very successful 2012 Olympic and Paralympic Games that were held in London. In order to achieve this and improve the provision of PE and sport in primary schools, additional funding of £150 million per annum has been made available for the academic years up until 2020.

PE and Sport Premium funding has been provided jointly by the Department for Education, the Department for Health and Culture and the Department for Media and Sport. It has been allocated to primary school Headteachers and is ring-fenced to be spent on the provision of PE and sport in schools.

The Government believes that Headteachers and school leaders should decide how to use the funding for PE and Sports in school. They are held accountable for the decisions they make through:

- The performance outcomes of all pupils compared with their peers
- The Ofsted inspection framework, under which inspectors focus on the attainment of pupil groups, in particular in those areas where specific funding has been provided
- The reports that schools are required to publish online for Parents

Purpose of Funding

At St Margaret's Primary School we believe that sport plays a crucial role contributing to the health and mental well-being of our children. We also believe that sporting excellence and participation go hand in hand with academic standards.

We have used the Sport Funding to strengthen and improve our provision in the following ways:

- To employ a Sports Coach to teach PE and devise clubs that progressively develop our children
- To support and engage the least active children through new/additional sports and health clubs.
- To attend sport competitions and increase pupils' participation in school games.
- To buy quality assured professional development modules /materials for PE and sport.
- To provide places for pupils on after school and lunchtime sports clubs.
- To provide quality sportswear for all the pupils participating in competitive sports.

PE Curriculum

At St Margaret's Primary School we ensure a wide range of activities are delivered in school which aims to engage and inspire all children. We are also committed to ensure that all children receive high quality well-planned PE lessons and opportunities.

Over the year each child will participate in various games in line with the scheme of works. Opportunities are also given for swimming in Year 4.

The Wider Curriculum

PE and sport has a high profile in our school and permeates many aspects of school life.

We also offer extra opportunities for sporting activities after school through our extra-curricular program and at lunchtimes.

During our residential visits, children are given opportunity to participate in many different activities which may include orienteering, climbing and assault courses.

Other agencies are used to enhance the variety of activities available and we take full advantage when these opportunities become available. The school is keen to provide a wide range of extra-curricular clubs for children throughout the year which are organised by our teaching staff and/or sports coaches.

Children enjoy the opportunity to work with different teachers and have the chance to try many sports such as tennis, football, badminton, Hockey, cricket, rounders, cross country, benchball, gymnastics and athletics.

We also subscribe to the Barking & Dagenham SSP PE and School Sport Programme which allows us to compete in a variety of sporting events across the key stages.

Commitment

St Margaret's Primary School is committed to providing an increasing range of opportunities for children to participate in high quality sports games and PE activities on an ongoing basis.
