ATTENDANCE

Attending school is important to ensure children are able to make the most of their education and reach their full potential. If you raise a child's attendance, you raise their academic chances. As a parent/carer, you are legally responsible for ensuring that your child receives a suitable education.

What families can do:

- Be firm - send your child to school every day, all day, unless they are sick
- Develop good sleep and morning routines
- Schedule appointments and extra-curricular activities outside of school
- Avoid taking holidays during term time
- Seek help early before your concerns become serious

Going to school more often will make a difference; attendance habits will follow your child into work and life. Each day missed:

- puts your child behind and makes it harder for them to catch up
- can lead to lower achievement in reading, writing and numeracy
- can lead to gaps in learning and connections to friends
